MINES ARE ALL IDLE

ROCHESTER AND PITTSBURG
COAL COMPANY'S MEN TIE
UP WORKINGS.

LONG FIGHT IS PROBABLE

Organization of the Miners Is a Strong One With Considerable Financial Backing and the Struggle Promises to Be a Protracted One. Strike Throws Out of Work Many Railroad Employees.

Altoona, Pa., April 3.—Not a mine of the Rochester and Pittsburgh Coal and Iron company was worked during the day. President Gilday, Secretary Gilbert and National Officers McKay and Rice are in conference at Clearfield. They telegraphed for National President Mitchell, but he answered that he was unable to visit this district at present. Several of the small operators in Cambria county who did not attend the Altoona convention and who did not feel bound by the action of the large operators have failed to sign the scale. The miners propose to give them a time limit at the end of which, if the scale is not signed, the men will be called out. Three hundred men employed in a mine at Hastings quit work because the operator, James L. Mitchell, refused to sign the scale unless the check-off clause was eliminated. Mr. Mitchell took possession of the mine since the Altoona convention adjourned.

The miners of the Buffalo, Rochester and Pittsburgh Coal company are well organized, and, with considerable financial aid back of them, have confidence in their ability to put up a long fight if necessary. Notices were posted at the Buffalo, Rochester and Pittsburgh railroad car shops in Dubois ordering the closing of the shops until the strike has been settled. This will throw 400 hundred mechanics and laborers out of employment indefinitely. Besides this a number of railroad crews have been laid off. With all the mines idle along the Buffalo, Rochester and Pittsburgh road there will be no coal traffic and the effect of the miners' strike will be felt all along the line from Buffalo and Rochester to Butler.

DETERMINED FIGHT ON.

Hoisting Engineers at Butte, Mon., Strike for More Wages.

Butte, Mon., April 3.—The strike of the hoisting engineers in the Amalgamated mines, whereby nine of the principal producers of the big copper mining company are tied up and over 3,000 men rendered idle, with the prospects that as soon as the supply of ore has been exhausted in the smelters thousands more will be thrown out of work, shows few signs of an early settlement. The stationary engineers are defiant and propose to make a determined fight for an increase in wages.

Word from the Washoe smelters at Anaconda is to the effect that about another day's running will exhaust the ore bins and necessitate the closing of the big works. The suspension will mean the idleness of 2,500 more men. A meeting of the union is being held behind closed doors. Over 500 engineers, members of the regular organization and the hoisting engineers' union, are in attendance. Leaders refuse to divulge the nature of the business being transacted, but intimated that the attitude of the regular union toward the hoisting engineers will be determined.

PECULIAR INSURANCE TANGLE.

Interesting Question Arises in Connection With a Louisville Fire.

Louisville, April 3.—An interesting insurance question has arisen in connection with the fire which destroyed the plant of the Louisville Lead and Color company and the warehouses of the Peaslee-Gaulbert company. Insurance policies on the property amounting to \$211,000 expired at noon, while the fire started at 11:59 a. m. The policies had been renewed on new lines substituted, but the question arises as to which list of policies is to make good the losses in the case of the policies that were replaced with others. A Louisville insurance agent was asked by telephone a few minutes after 12 o'clock noon to take a line on the lead and color plant. He was about to accept when he heard the fire alarm and learned that the lead and color plant was afire. The agent who had telephoned him knew nothing of the fire.

More Brewers Go on Strike.

Boston, April 3.—Another strike was ordered when the two brewery workers' unions, comprising about 1,200 inside men, employed by the 26 breweries in this city, voted not to report for duty in the morning because of the master brewers' refusal to concede their demands for shorter hours with the same wages as at present and for certain other concessions.

Positively Refuse an Increase.

Butte, Mon., April 3.—The strike of the painters and paperhangers in this city for an increase of pay, amounting to 50 cents a day, is still on, with both sides laying on their arms. Master painters held a meeting at which it was decided to positively refuse to grant any increase to the workmen.

SPANISH WAR VETERANS.

First Annual Convention in Session at Springfield, Ills.

Springfield, Ills., April 3.—Spanish-American war veterans held their first annual convention at the state capitol in this city. General George M. Moulton of Chicago presided, the president of the society, General John A. Wiley, being unable to be present. Governor Yates delivered an address of welcome, to which response was made by Captain Wilson I. Davenny. Addresses were also made by Major Lawrence M. Ennis, Chicago; Dr. Hoyt and General James H. Barkley, Springfield; Colonel Marcus Cavanaugh, Chicago, and others.

The committee on nominations will report the following for national officers: Commander, Colonel George M. Moulton, Illinois; senior vice commander, Major J. G. Field, Colorado; junior vice commander Martin Shever, Missouri; adjutant and chief of staff, Captain W. I. Davenny, Illinois; quartermaster, Major H. B. Bailey, West Virginia.

A campfire was held in Representatives hall at night at which 600 persons were present. General James H. Barkley presided and addresses were made by a number of delegates.

BLOODSHED MAY RESULT.

Strained Condition of Affairs Over Election at Hayward, Wis.

Ashland, Wis., April 3.—Bloodshed may be the result of the election in Hayward, county seat of Sawyer county. A bitter and strained condition of affairs is holding the boards there and at any moment likely to cause trouble.

A reform ticket which has been elected by a great majority is said by the incumbent town officers to have been the result of questionable methods and the incumbent officers refuse absolutely to recognize the newly elected set of officers as their successors.

Judge Bailey of Eau Claire has been called to Hayward and it is said that he has advised that state troops be called to Hayward to preserve order. The city is in an uproar and feeling at every side is at white heat.

The existing condition is the culmination of a political fight that is nearly a year old. The reform element is headed by Colonel R. L. McCormick, who was the reform candidate for chairman.

HAVANA PUBLIC LIBRARY.

Andrew Carnegie Will Give \$250,000 to Establish One.

Havana, April 3.—As a result of an interview between Lieutenant Matthew Hanna, commissioner of schools for Cuba, and the Secretary of Andrew Carnegie, the mayor of Havana has received a letter from Lieutenant Hanna in connection with a proposal from Mr. Carnegie to give \$250,000 to the municipality for a public library. The municipal council of this city has voted to send a letter to Mr. Carnegie saying it had been informed he would give Havana this sum for a public library, provided the city would give land for the building and guarantee \$25,000 a year for improvements and maintenance of the library. This letter will say that the council has decided to give a site for the proposed library and that it accepts the provisions attached to the gift, but that the law does not allow it to bind the action of future municipal councils in matters of this kind.

BODY LYING IN STATE.

Cecil Rhodes' Remains Now in Parliament Building at Cape Town.

Cape Town, April 3.—A private service for his family and friends was held over the remains of Cecil Rhodes at Groote Schuur. The body was brought here at midnight and deposited in the vestibule of the parliament building. The coffin is draped with a tattered Union Jack which belonged to Mr. Rhodes and which he regarded with peculiar veneration, and with a tattered flag of the British Chartered South Africa company, which went through the fight at Mafikessi. On these two flags rest the cap and gown which the deceased wore when he took his degree at Oxford. Cape policemen are grouped in the corners of the chamber as a guard over the remains. A beautiful wreath of flowers from Queen Alexandra has been placed at the head of the bier. Rudyard Kipling will take part in the funeral procession.

TRAINS AGAIN MOVING.

Northern Pacific Blockade in North Dakota Raised.

St. Paul, April 3.—The water which has held the Northern Pacific tied up in North Dakota for the past week, has suddenly abated, just as the company had gotten fairly at work on the temporary track being constructed around the flood. So quickly did the waters subside that in a few hours the tracks were exposed, and one of the blocked trains crossed over. This was followed by several others. Officials of the road say there is no likelihood of the waters coming up again.

Three Hundred Walk Out.

Pana, Ills., April 3.—Three hundred men quit work at the Pennell coal mine, claiming that the operators had refused to repair or replace false scales. The operators claim that the scales are correct and that no grievance has been formally presented.

Noted Woman Suffragist Dead.

Cheyenne, Wyo., April 3.—Mrs. Esther Morris, known as the mother of woman suffrage in Wyoming, is dead. The adoption of the equal suffrage amendment in Wyoming was largely due to her efforts and she was the first woman justice of the peace.

TICKET OFFICE LOOTED

NIGHT STATION AGENT AT BRADDOCK, PA., HELD UP BY TWO MEN.

SMALL AMOUNT IS TAKEN

One of the Highwaymen Holds a Revolver on the Man in Charge While the Other Searches the Room—Tin Box Containing Twelve Hundred Dollars in Bills Overlooked—Make Good Escape.

Braddock, Pa., April 3.—When the Pennsylvania railroad station was almost deserted and Byron Thomas, the night agent, was the only man on duty, two men wearing uniforms similar to those worn by regular railroaders entered the ticket office, and, while one of them stood over Thomas with a revolver, the other looted the office, securing about \$200 in cash.

A tin box containing \$1,200 in bills was cast aside by the robbers because the jingle of coin could not be heard when one of them shook it. The men escaped up the railroad track and about midnight the officers in pursuit disturbed them while they were ransacking the station at Bessemer, but both got away. The officers hope to capture their men before morning.

JACOBSON IS HELD.

Alleged Instigator of the Magnus Johnson Murder Must Stand Trial.

Alexandria, Minn., April 3.—The preliminary examination of Andrew Jacobson, accused of being the instigator of the murder of Magnus Johnson near here March 24, has ended and Jacobson was committed to await the action of the grand jury at the September term of court. A strange feature of the case is that the first man to furnish a clue to the confessed murderer should be the alleged instigator of the crime.

The next morning after the murder was committed Jacobson came to town and directed suspicion to Gustav Larson as the murderer, telling the authorities that Larson committed the deed with a 22-calibre revolver and left the country. But for what Jacobson said Larson would never have been suspected.

DENIES THE PLEA.

Nebraska Supreme Court Refuses Rehearing in a Murder Case.

Lincoln, Neb., April 3.—The Nebraska supreme court has denied the plea for a rehearing in the case of William Rhea, under sentence of death for the murder of Herman Gahan at Snyder, and unless Governor Savage intercedes he will be hanged in the penitentiary the 25th of this month.

Rhea's execution will be the first in the state prison under the law passed by the last legislature. Acting on the decision of the court, Rhea will begin building the scaffold. Rhea has influential relatives in Indiana and an effort will be made to have Governor Savage commute the sentence.

LYNCHING IS FEARED.

Militia Guarding the Jail at Edenton, N. C., to Protect a Negro.

Edenton, N. C., April 3.—A heavy military guard has been established over the jail in this city to protect Thomas Early, a negro who on last Monday attempted to assault Pearl

Perry, a 10-year-old girl at Ryland, N. C. Early afterwards escaped but was caught at Suffolk, Va.

Lynching was feared at Ryland and the officers brought the negro to Edenton by a roundabout route. Early, who has confessed to the crime with which he is charged, will be tried at once.

Murdered and Robbed.

Muskogee, I. T., April 3.—The dead body of Will Hayes, 24 years old, of Wheeling, W. Va., was found lying in a vacant lot near the business section of Wagoner, I. T. A pair of bloody scissors with which Hayes had evidently been stabbed to death lay near the body. The man's watch was missing, and his pockets had been rifled. Six men and three women, all negroes, were arrested on suspicion of connection with the murder and, owing to threats of lynching at Wagoner, the prisoners have been brought to Muskogee.

Stabbed by a Fellow Convict.

Jefferson City, Mo., April 3.—George Wilson, sent from Kansas City for highway robbery, was badly cut with a shoe knife by William Lampher, a fellow convict, and died in the prison hospital. Both were at work in the shoe factory when, without warning, Lampher plunged his knife into Wilson's neck and then inflicted other wounds on the body. Lampher was sent here when 15 years old to serve a 50-year sentence for murder.

Assassinated by Negroes.

Augusta, Ga., April 3.—W. I. Collins, a farmer of Edgefield county, S. C., was assassinated by negro highwaymen five miles from Augusta, in South Carolina. George Woods was driving with Collins and resisted the hold up, when the negroes fired upon the men, killing Collins and slightly wounding Woods. The negroes escaped.

Quarreled Over a Dividing Fence.

Virginia City, Mon., April 3.—John Bellis of Cherry Creek, 18 miles east of Norris, was fatally shot by Alfred J. Sheldon. The men had quarreled over a fence dividing their property. It is alleged that Bellis was shot while he attacked Sheldon with a club.

Aged Woman Murdered.

Austin, Tex., April 3.—Mrs. O. L. Levy, aged 79 years and living 16 miles west of here on Barton creek, was murdered and robbed. The house was afterward fired and parts of the remains were burned.

Want National Prohibition.

New York, April 3.—At the 103d session of the New York conference of the New York Methodist Episcopal church held here, a formal resolution was offered calling for action by congress looking to the amendment of the Constitution of the United States so as to permit the passing of a law to provide for national prohibition. It was referred to a committee.

Rates for G. A. R. Encampment.

Chicago, April 3.—Reduced rates for the encampment of the Grand Army of the Republic, to be held in Washington, Oct. 6 to 11, together with lower fares between Chicago and New York during the same period and for other occasions, have been established by the eastbound roads. The encampment fare will be 1 cent a mile in each direction.

Big Seizure of False Teeth.

Montreal, April 3.—The secret service of the Dominion customs has made a seizure of from \$10,000 to \$15,000 worth of false teeth, which from time to time has been consigned from New York to a well known dental manufacturing firm in this city and through an alleged conspiracy were passed through the customhouse free.

THE POLITICAL SITUATION.

Campaign of 1904 Through Henry Watterson's Spectacles.

In a letter written from Washington and received at Louisville, Ky., Henry Watterson says, according to the New York World:

"To a hayseed like myself, who comes to Washington to pick up a little information and polish, the outlook is discouraging. Chaos everywhere—in society, which has not quite recovered its equipoise, though the prince has been gone a fortnight; in politics, where a broncho buster in the White House is making fingers and thumbs of things so that no man can foretell 'what next.'"

"There is but one thing that at this moment stands out bold and clear upon the horizon of the national capital before the eyes of all intelligent men. That is that the Democratic party has in front of it a great opportunity if it but knows how to improve it. For the first time these thirty years it is the Republicans who are at sea. Their boat may not have yet sprung a leak. Both compass and rudder may be still intact, but there are two pilots aboard and rocks ahead."

"In the first place, on the Republican side the situation revolves about the succession. It is Teddy and anti-Teddy. Little of this yet appears about the surface. Both factions are out in submarine boats. But these will be loaded with explosives."

"Observe that sleek, smooth shaven gentleman crossing the rotunda between the house and senate. His step is light, jaunty, even springy. Not a cloud across his brow, not a care in his eyes. You might take him for a prosperous professor, and so he is, of the shoals and depths of party management, for that is the chairman of the national Republican committee, the junior senator from Ohio, Mr. Hanna—Mr. Mark A. Hanna, and don't let it escape your memory. What he doesn't know about ritual and sign manual is hardly worth knowing."

"Gradually but surely Roosevelt has been weeding out the distinctively McKinley element from the cabinet. In the fullness of time they will all go. He is filling each vacated post with a practical politician made in the Roosevelt image—that is to say, with a politician who knows how to work the civil service racket for all it is worth."

"Broncho buster though he be, there is a method in his broncho busting. Mindful of the fate of John Tyler and Andrew Johnson, he draws the line about where Grover Cleveland left it. That he is a clean, honest man of good impulses and the best intentions should go without saying. But he is an inconsiderate man, combative and aggressive, and while much heartier and more genial than Mr. Cleveland less coldly reserved and less resolute."

BRIGHT COLLOQUIES.

Senators Bailey and Depew Exchange Pleasantries.

Washington, April 3.—Discussion of the oleomargarine bill in the senate was enlivened by two or three bright colloquies between Senators Bailey of Texas and Depew of New York. Mr. Bailey concluded his speech in opposition to the measure, occupying most of the time devoted by the senate to the bill's consideration. His argument was brilliant and at times eloquent, and attracted the careful attention of senators on both sides of the chamber and of the occupants of the crowded galleries.

He was followed by Mr. Depew of New York in a bright and witty speech in support of the measure. Mr. Depew matched his wit with that of Mr. Bailey on the subject of the American girl and the sallies of the two senators were greeted with shouts of laughter both on the floor and in the galleries. The Texan's keen reference to the recent marriage of Mr. Depew was most happily fenced by the New York senator in his reference to the love and admiration excited in women by "the youth and beauty" of Mr. Bailey.

CONFERENCE ON IRRIGATION.

President and Several House Members Discuss the Subject.

Washington, April 3.—The president devoted some time to a conference on the subject of irrigation, and more particularly to the details of the bill pending in congress providing for national aid for irrigation. The conference was held at the request of Representative Mondell, who has the bill in charge in the house. Among those present were Representatives Tongue, Newlands, Tyrrell, Sutherland, Mondell and Metcalf. As a result of the conference it is said that it will not be necessary to strike out section 8, relating to state and territorial control of the use and distribution of the water. The phraseology of the section will be changed, but it is said that this change will not radically alter the section.

ALLIED PARTY CONVENTION.

Temporary Organization Effected and Committees Appointed.

Louisville, April 3.—The movement for the formation of an allied party comprising adherents of all parties opposed to the Republicans and Democrats, or, as the meeting stated, "a union of reform forces against plutocracy," took definite shape when a convention, attended by about 200 delegates representing eight states and as many different parties, was called to order at Liederkranz hall in this city. The work was of a preliminary nature, a temporary organization being effected and committees appointed to prepare for the permanent organization.

The convention adjourned at 4:30 p. m. to meet again in the morning.

URGENT IMMEDIATE ACTION.

Manila Chamber of Commerce Wants Currency Question Settled.

Manila, April 3.—At a meeting of the chamber of commerce, at which all the members were present, it was decided to send a cablegram to President Roosevelt urging congress to take immediate action concerning the currency question here, which, owing to the present depression of silver and the ratio of exchange of \$2.27 Mexican for \$1 gold, fixed by the United States Philippine commission for the ensuing quarter, has caused an immense loss of business and a great increase in the local prices of necessities. Many articles now cost 30 per cent more than they did last December.

CALL ON ROOSEVELT.

Chief Justices of Canada and Salvador Visit the White House.

Washington, April 3.—Henry Strong, chief justice of the Dominion of Canada; Don M. Dickinson of Detroit, Mich., and David Castro, chief justice of Salvador, comprising the board of arbitration appointed to arbitrate the claim of the Salvador Commercial company, known as El Triunfo, against the government of Salvador for damages sustained through the alleged appropriation by the government of the company's concession rights, paid their respects to the president and Secretary Hay. The arbitrators hardly will enter on the routine work of the arbitration for several days.

SUNDRY CIVIL BILL.

Eighth Regular Annual Supply Measure Passes the House.

Washington, April 3.—The house has passed the sundry civil appropriation bill. This is the eighth of the regular annual supply bills which has passed at this session. Only a few unimportant amendments were attached to it. After it was disposed of debate on the revenue cutter bill was resumed. Messrs. Sulzer (N. Y.), Bellamy (N. C.), Lessler (N. Y.) and Goldfogle (N. Y.) spoke for the measure, and Messrs. Loud (Cal.) and Crumpacker (Ind.) against it.

CLARK'S ELECTION ASSURED.

Will Succeed James K. Jones of Arkansas in the Senate.

Little Rock, Ark., April 3.—Authentic returns give the following revised figures on the United States senatorship: For James P. Clarke, 74 members of the general assembly; for James K. Jones, 47 members; doubtful, 14.

There are 135 members and the number required to select a senator is 68. The election of Clark is now assured.

Secretary Hay Will Testify.

Washington, April 3.—After consulting Chairman Dailzell of the special committee to investigate Captain Christmas' charges in connection with the transfer of the Danish West Indian islands, Secretary Hay has indicated to the committee his intention to appear in person before it as a witness.

Bill to Abolish Slavery.

Washington, April 3.—Representative Patterson of Tennessee has introduced a bill to abolish slavery in the Philippines and to invalidate the treaty between General Bates and the sultan of the Sulu islands.

He is filling each vacated post with a practical politician made in the Roosevelt image—that is to say, with a politician who knows how to work the civil service racket for all it is worth."

"Broncho buster though he be, there is a method in his broncho busting. Mindful of the fate of John Tyler and Andrew Johnson, he draws the line about where Grover Cleveland left it. That he is a clean, honest man of good impulses and the best intentions should go without saying. But he is an inconsiderate man, combative and aggressive, and while much heartier and more genial than Mr. Cleveland, less coldly reserved and less resolute."

BRIGHT COLLOQUIES.

Senators Bailey and Depew Exchange Pleasantries.

Washington, April 3.—Discussion of the oleomargarine bill in the senate was enlivened by two or three bright colloquies between Senators Bailey of Texas and Depew of New York. Mr. Bailey concluded his speech in opposition to the measure, occupying most of the time devoted by the senate to the bill's consideration. His argument was brilliant and at times eloquent, and attracted the careful attention of senators on both sides of the chamber and of the occupants of the crowded galleries.

He was followed by Mr. Depew of New York in a bright and witty speech in support of the measure. Mr. Depew matched his wit with that of Mr. Bailey on the subject of the American girl and the sallies of the two senators were greeted with shouts of laughter both on the floor and in the galleries. The Texan's keen reference to the recent marriage of Mr. Depew was most happily fenced by the New York senator in his reference to the love and admiration excited in women by "the youth and beauty" of Mr. Bailey.

CONFERENCE ON IRRIGATION.

President and Several House Members Discusses the Subject.

Washington, April 3.—The president devoted some time to a conference on the subject of irrigation, and more particularly to the details of the bill pending in congress providing for national aid for irrigation. The conference was held at the request of Representative Mondell, who has the bill in charge in the house. Among those present were Representatives Tongue, Newlands, Tyrrell, Sutherland, Mondell and Metcalf. As a result of the conference it is said that it will not be necessary to strike out section 8, relating to state and territorial control of the use and distribution of the water. The phraseology of the section will be changed, but it is said that this change will not radically alter the section.

ALLIED PARTY CONVENTION.

Temporary Organization Effected and Committees Appointed.

Louisville, April 3.—The movement for the formation of an allied party comprising adherents of all parties opposed to the Republicans and Democrats, or, as the meeting stated, "a union of reform forces against plutocracy," took definite shape when a convention, attended by about 200 delegates representing eight states and as many different parties, was called to order at Liederkranz hall in this city. The work was of a preliminary nature, a temporary organization being effected and committees appointed to prepare for the permanent organization. The convention adjourned at 4:30 p. m. to meet again in the morning.

URGE IMMEDIATE ACTION.

Manila Chamber of Commerce Wants Currency Question Settled.

Manila, April 3.—At a meeting of the chamber of commerce, at which all the members were present, it was decided to send a cablegram to President Roosevelt urging congress to take immediate action concerning the currency question here, which, owing to the present depression of silver and the ratio of exchange of \$2.27 Mexican for \$1 gold, fixed by the United States Philippine commission for the ensuing quarter, has caused an immense loss of business and a great increase in the local prices of necessities. Many articles now cost 30 per cent more than they did last December.

CALL ON ROOSEVELT.

Chief Justices of Canada and Salvador Visit the White House.

Washington, April 3.—Henry Strong, chief justice of the Dominion of Canada; Don M. Dickinson of Detroit, Mich., and David Castro, chief justice of Salvador, comprising the board of arbitration appointed to arbitrate the claim of the Salvador Commercial company, known as El Triunfo, against the government of Salvador for damages sustained through the alleged appropriation by the government of the company's concession rights, paid their respects to the president and Secretary Hay. The arbitrators hardly will enter on the routine work of the arbitration for several days.

SUNDRY CIVIL BILL.

Eighth Regular Annual Supply Measure Passes the House.

Washington, April 3.—The house has passed the sundry civil appropriation bill. This is the eighth of the regular annual supply bills which has passed at this session. Only a few unimportant amendments were attached to it. After it was disposed of debate on the revenue cutter bill was resumed. Messrs. Sulzer (N. Y.), Bellamy (N. C.), Lessor (N. Y.) and Goldfogle (N. Y.) spoke for the measure, and Messrs. Loud (Cal.) and Crumpacker (Ind.) against it.

CLARK'S ELECTION ASSURED.

Will Succeed James K. Jones of Arkansas in the Senate.

Little Rock, Ark., April 3.—Authentic returns give the following revised figures on the United States senatorship: For James P. Clarke, 74 members of the general assembly; for James K. Jones, 47 members; doubtful, 14.

There are 135 members and the number required to select a senator is 68. The election of Clark is now assured.

Secretary Hay Will Testify.

Washington, April 3.—After consulting Chairman Dalmell of the special committee to investigate Captain Christmas' charges in connection with the transfer of the Danish West Indian islands, Secretary Hay has indicated to the committee his intention to appear in person before it as a witness.

Bill to Abolish Slavery.

Washington, April 3.—Representative Patterson of Tennessee has introduced a bill to abolish slavery in the Philippines and to invalidate the treaty between General Bates and the sultan of the Sulu islands.

Board of County Commissioners
May Have to Re-advertise
for Bids for Bond.

MANY INQUIRIES COMING IN.
Bids for the Bonds Will be Open-
ed May 6 by the Board of
Co. Commissioners.

In speaking with Auditor Mahlum to-day the reporter of the DISPATCH brought up the matter of the re issue of the \$30,000 court house bonds in the course of conversation, and, from what was gleaned, the county auditor thinks that a mistake has been made in advertising for these bonds in making the rate of interest too low. The rate of interest fixed by the board of county commissioners was 3½ percent. The refunding bonds draw four per cent and even at that rate the county did not have an over-supply of bidders.

Four per cent is the rate fixed for Beltrami and Itasca counties and in both counties the valuation is greater.

Auditor Mahlum is of the opinion that the county will not find any one who is ready to take the bonds at 3½ per cent and he thinks that the matter of advertising, etc, will have to be gone through again.

Exalted Ruler Sanborn this morning received official notice from District Deputy Grand Exalted Ruler J. T. Schusler, of the B. P. O. It is hoped by the officers of the lodge that there will be a large delegation present from Brainerd. Plans are already being made for the trip and it is thought that from fifty to one hundred members from Brainerd lodge will go down.

There will be a meeting of Brainerd Lodge this evening in Elks hall, at which time the matter will be fully and thoroughly discussed and definite arrangements made for the trip. Besides this there will be initiatory work tonight, when several candidates will be put through, and a luncheon will also be served.

Mrs. Sargent was 32 years of age, and has been a resident of Brainerd for a number of years and has a large circle of friends here. She had two sisters who were with her at the time of death, Mrs. Ida McLaren of this city and Miss Annie Frey, of St. Paul.

The funeral services will be held Saturday morning from the Catholic church and interment will be made in Evergreen cemetery.

The chief got a wire today to hold the man until tomorrow. The man who made this request is Attorney Alfred L. Cameron, of Minneapolis. No information was given in the telegram regarding the crime that Donovan is charged with.

REV. B. SIMON TO LEAVE.

Pastor of German Lutheran Church Will
Leave Brainerd About the First
of May.

It is unfortunate for Brainerd that the custom prevails among the Evangelical Lutheran churches to change pastors in towns and at the end of given periods. One of the rules is that a pastor cannot stay in one place more than four years. This is the reason why Brainerd is to lose Rev. B. Simon, who will sever his connection with the German Evangelical church about the first of May. Mr. Simon will have been here four years at that time and he has made many friends in the city. He and his family will move to Hendricks, Minn. Mrs. Simon and her father and mother, who have been making their home with her, left for Hendricks today.

The Ford farm at Hamlet Lake was purchased by Joseph Blackmer, from the southern part of the state, who arrived with his family last week and are more than pleased with their new home.

The dog that came from Ohio is still at the saw mill and is under the care of Ira Torrey, from Bay Lake.

It is stated that the proprietor of the Sandy Lake boarding house got Jacob in a box car the other day and shut the door on him and kept him there until he was ready to promise most anything to get out.

Mr. Coleman has put in the foundation for a pavilion where the young people can enjoy themselves through the summer season.

Jos. Raymond has moved his blacksmith shop out to Front street and will have it finished into a house which he will occupy as soon as completed.

Mr. Rathvon has shut his mill down for a few days, until the ice is a little more thawed out.

Coffin & Wasserzieher shipped two car loads of potatoes to Duluth this week.

A gentleman from Bay lake met a friend of his in town last week and proceeded to paint the town red. The friend had the paint with him.

JACOB.

The Great Northern sleeping car Moorhead was burned to the trucks Sunday night. The car took fire between the stations of Willmar and Pennock. No one of the eight passengers was injured. The train was running about fifty miles an hour and before the train could be slowed up and the car cut off, the Moorhead was a mass of flames.

MUSIC AND DRAMA.

"PRIDE OF JENNICO."

The old saying "the play's the thing" has never been more forcibly proven than by the success which has attended "The pride of Jennico," the romantic drama which will be given here at the Brainerd Opera House on Saturday evening. "The Pride of Jennico" has such spirited climaxes, such consistent characters, such tender love episodes and such sparkling comedy, that when all this wealth of dramatic literature is placed before an audience, no individual there present can refrain from raising both hands in delighted applause and exclaiming aloud in unconscious enthusiasm: "This is indeed nature." Two seasons of uninterrupted prosperity have placed this play among the list of undoubted successes, and the simple announcement that it will be given here with all the original scenery and a first-class company will be enough to draw a crowded house.

The Philadelphia Ledger has the following to say of the play and cast:

"The Pride of Jennico" is playing at the Park this week, and last night's audience received it with many demonstrations of approval. The play is one of the best told and most interesting of its class, and while verging upon extravagant improbability in some of its phases, it is a fascinating story which cannot fail to hold an audience. Daniel Frohman has provided an excellent cast for the present production, and James K. Hackett and Bertha Galland have worthy successors in Wallace Worsley and Katherine Erle. Mr. Worsley is tall and manly, with a gallant bearing which is admirably suited to the part of the fearless Basil Jennico, and his work is entirely praiseworthy. As the Princess Ottill, Miss Erle, shows a winning personality and plays the part in a captivating manner, being equal to all its requirements.

Sale of seats open tomorrow morning at 10 o'clock.

POLLARD'S JUVENILE OPERA CO.

On next Tuesday evening Pollard's Lilliputian Opera Company will present the comedy and musical success of London and New York, "A Gaiety Girl." This will be the first time that this piece will be given by children. All the little ones will have a chance, and as life guards, ladies of fashion and gaiety dancers they wear some fetching costumes, and indulge in cute terpsichorean novelties. Willie Pollard is the Rev. Brierly, chaplain of the regiment, the part made famous by the London comedian, Monkhouse.

Capt. Chas. Goldfield is played by Ivy Pollard. It was this part that Hayden Coffin made his American debut. Rose Brierly, was first played by Decima Moore, the celebrated beauty, will be in the hands of Alice Pollard. The six gaiety dancers are selected for their beauty and dancing and are Misses Topping, Farrell, May Topping, Sharpe, Prebble and Howard.

A grand Pierrot Ballet is also a feature and the piece will be mounted after the London and New York modes, with appropriate dresses and accessories.

The approaches at either end are not finished, but the one to the east will be ready in a few days, as Street Commissioner Weitzel, who has the job, has several teams and men at work and they are making rapid progress. At the other end of the bridge William Aherns is doing the work, but he is not making as good progress and it may be some time yet before the bridge will be ready.

Willet Bronk, the owner of the farm near Pelican Rapids, on which the flow of gas from a well was found last fall, has entered into a contract with men representing Beaumont, Texas interests. The purpose is to develop the property this summer.

Charles Morgan, one of the forgers who worked the range country last winter, was convicted at Duluth and sentenced to four years in the pen.

Man Locked Up in City Jail Under
Name of Donovan
is bad Nut.

HE HAS SEVERAL NAMES.

An Officer Will Arrive in the City
To-morrow to Take Him to
the Mill City.

William Donovan, alias William Harris, alias William Hart, locked up in the city jail on the charge of vagrancy, is wanted rather badly in Minneapolis instead of Duluth as was first reported and an officer will be in the city tomorrow to take him back to that city.

It seems that the card which Chief Nelson had and by which the arrest was made was sent from Duluth, but it turned out to be a Minneapolis attorney who sent it out.

The chief got a wire today to hold the man until tomorrow. The man who made this request is Attorney Alfred L. Cameron, of Minneapolis. No information was given in the telegram regarding the crime that Donovan is charged with.

REV. B. SIMON TO LEAVE.

Pastor of German Lutheran Church Will
Leave Brainerd About the First
of May.

It is unfortunate for Brainerd that the custom prevails among the Evangelical Lutheran churches to change pastors in towns and at the end of given periods. One of the rules is that a pastor cannot stay in one place more than four years. This is the reason why Brainerd is to lose Rev. B. Simon, who will sever his connection with the German Evangelical church about the first of May. Mr. Simon will have been here four years at that time and he has made many friends in the city. He and his family will move to Hendricks, Minn. Mrs. Simon and her father and mother, who have been making their home with her, left for Hendricks today.

DEERWOOD.

Our spring weather has received another set back.

Judge Vinge, of West Superior, is at Deerwood looking after repairs on his cottage.

Deerwood has many visitors nowadays who are looking after land, some for speculation, but the greater part to make homes for themselves.

The Ford farm at Hamlet Lake was purchased by Joseph Blackmer, from the southern part of the state, who arrived with his family last week and are more than pleased with their new home.

The dog that came from Ohio is still at the saw mill and is under the care of Ira Torrey, from Bay Lake.

It is stated that the proprietor of the Sandy Lake boarding house got Jacob in a box car the other day and shut the door on him and kept him there until he was ready to promise most anything to get out.

Mr. Coleman has put in the foundation for a pavilion where the young people can enjoy themselves through the summer season.

Jos. Raymond has moved his blacksmith shop out to Front street and will have it finished into a house which he will occupy as soon as completed.

Mr. Rathvon has shut his mill down for a few days, until the ice is a little more thawed out.

Coffin & Wasserzieher shipped two car loads of potatoes to Duluth this week.

A gentleman from Bay lake met a friend of his in town last week and proceeded to paint the town red. The friend had the paint with him.

JACOB.

The Great Northern sleeping car Moorhead was burned to the trucks Sunday night. The car took fire between the stations of Willmar and Pennock. No one of the eight passengers was injured. The train was running about fifty miles an hour and before the train could be slowed up and the car cut off, the Moorhead was a mass of flames.

MUSIC AND DRAMA.

"PRIDE OF JENNICO."

The old saying "the play's the thing" has never been more forcibly proven than by the success which has attended "The pride of Jennico," the romantic drama which will be given here at the Brainerd Opera House on Saturday evening. "The Pride of Jennico" has such spirited climaxes, such consistent characters, such tender love episodes and such sparkling comedy, that when all this wealth of dramatic literature is placed before an audience, no individual there present can refrain from raising both hands in delighted applause and exclaiming aloud in unconscious enthusiasm: "This is indeed nature." Two seasons of uninterrupted prosperity have placed this play among the list of undoubted successes, and the simple announcement that it will be given here with all the original scenery and a first-class company will be enough to draw a crowded house.

The Philadelphia Ledger has the following to say of the play and cast:

"The Pride of Jennico" is playing at the Park this week, and last night's audience received it with many demonstrations of approval. The play is one of the best told and most interesting of its class, and while verging upon extravagant improbability in some of its phases, it is a fascinating story which cannot fail to hold an audience. Daniel Frohman has provided an excellent cast for the present production, and James K. Hackett and Bertha Galland have worthy successors in Wallace Worsley and Katherine Erle. Mr. Worsley is tall and manly, with a gallant bearing which is admirably suited to the part of the fearless Basil Jennico, and his work is entirely praiseworthy. As the Princess Ottill, Miss Erle, shows a winning personality and plays the part in a captivating manner, being equal to all its requirements.

Sale of seats open tomorrow morning at 10 o'clock.

POLLARD'S JUVENILE OPERA CO.

On next Tuesday evening Pollard's Lilliputian Opera Company will present the comedy and musical success of London and New York, "A Gaiety Girl." This will be the first time that this piece will be given by children. All the little ones will have a chance, and as life guards, ladies of fashion and gaiety dancers they wear some fetching costumes, and indulge in cute terpsichorean novelties. Willie Pollard is the Rev. Brierly, chaplain of the regiment, the part made famous by the London comedian, Monkhause.

Capt. Chas. Goldfield is played by Ivy Pollard. It was this part that Hayden Coffin made his American debut. Rose Brierly, was first played by Decima Moore, the celebrated beauty, will be in the hands of Alice Pollard. The six gaiety dancers are selected for their beauty and dancing and are Misses Topping, Farrell, May Topping, Sharpe, Prebble and Howard.

A grand Pierrot Ballet is also a feature and the piece will be mounted after the London and New York modes, with appropriate dresses and accessories.

BRITISH MILITARY CAMP

GOVERNOR HEARD OF LOUISIANA
SAYS ONE EXISTS NEAR
NEW ORLEANS.

PROTESTS TO WASHINGTON

Establishment Referred to Is Used for
the Transportation of Horses and
Mules to South Africa for Service by
the British Army in the War Against
the Boers—General Pierson Con-
fers With State Officials.

Chicago, April 3.—A special from
New Orleans says: Governor Heard
of Louisiana has reported to the state
department at Washington that, in his
opinion, the British government is
maintaining a military camp within
the territory of the United States.

The camp in question is the one lo-
cated a few miles below this city for
the transportation of horses and mules
to South Africa, there to be used by
British soldiers in the war against
the Boers. Several weeks ago General
Pierson, the Boer leader, visited this
city and held a conference with the
Louisiana state officials. He created
no little comment by his public de-
claration that he was ready to lead a
force of armed men to attack the
camp. He was denied permission to do
this.

Several months ago a British steam-
er was badly damaged by an explo-
sion while it was being loaded with
supplies for the British army in South
Africa. It was declared at the time
that the explosion was the work of
Boer sympathizers, but the matter was
never investigated.

DEMANDS REPRISALS.

Venezuelan Newspaper Urges Retalia-
tion Against Trinidad.

Caracas, April 3.—The Republica, a
semi-official newspaper, has recently
published several indignant articles
directed against the authorities of the
British island of Trinidad on account
of the hospitality shown the Matos
revolutionary steamer Bolivar, former-
ly the Libertador and the Ban Right.
In permitting her to enter the harbor
of Port of Spain and to coal and re-
pair there notwithstanding the fact
that friendly relations exist between
Great Britain and Venezuela.

The Republica urges the Venezuelan
government immediately to adopt re-
prisals against Trinidad by excluding
all vessels from that island from the
eastern ports of Venezuela and by
the imposition of an additional duty
of 30 per cent on all goods brought to
Venezuela by British steamers touch-
ing at Trinidad.

The Republica also urges Venezuela
to demand an indemnity from Great
Britain for damages resulting from the
operations of the Bolivar and cites the
Alabama case as a precedent for such
action.

TERRORIZING THE POPULACE.

Rumored That Nine Hundred Albani-
ans Cross the Turkish Frontier.

London, April 3.—The Vienna cor-
respondent of the Central News cables
that The Neue Presse of that city
publishes a startling report, current
in Belgrade, to the effect that the
famous Albanian chief Issa Boletinec,
with 900 followers, has crossed the
Turkish frontier into the sub-province
of Novibazar, where he is terrorizing
a general massacre. The correspond-
ent says the report lacks confirmation.

Helped Capture Lincoln's Assassin.

Marlboro, Mass., April 3.—Coun-
cilman James B. Goddard died suddenly
of heart trouble. He was born in
1847 and served in the Third Massa-
chusetts artillery in the Civil war. In
1865 he was detailed with others to
capture John Wilkes Booth, the as-
sassin of President Lincoln, and it
was he who furnished the information
which led to the capture of two others
of the conspirators.

Want an Exclusive Franchise.

Des Moines, April 3.—The Des
Moines City Railway company has
voluntarily proposed to the city coun-
cil to sell eight tickets for a quarter to
be accepted as fares between the
hours of 6 and 7 a. m. and 6 and 7 p.
m. The proposition is made with the
reservation that if any other street
railway company is granted a fran-
chise the fares will be restored to a
5 cent basis.

High Prices for Cattle and Hogs.

Chicago, April 3.—An advance of
half a cent per pound on dressed beef
went into effect at the stock yards
during the day, when all the packers
responded to the repeated advances
that have taken place in the last week
in cattle on the hoof. The top price
for cattle, \$7.50 per 100 pounds, is the
highest April price since 1882. Hogs
sold at record prices for the year,
\$7.05.

Disciples of Mrs. Nation.

Lexington, Neb., April 3.—Twelve
women, followers of Mrs. Carrie Na-
tion, all heavily veiled, raided a "joint"
at Eddyville, smashing the large mir-
ror and other furniture and destroying
several cases of liquors. James Ham-
mond, charged with keeping the place,
was given 24 hours to leave town or
receive a coat of tar and feathers.

Many Buried in the Ruins.

Madrid, April 3.—Many workmen
were buried in the ruins of a building
which collapsed while in course of
construction at Molledo, in the prov-
ince of Santander. The bodies of
five of the victims have been recov-
ered. Many of the workmen were in-
jured.

Under a Strong Guard.

Colon, Colombia, April 3.—The Ven-
ezuelan gunboat Pinzon sailed for Car-
tagena, having on board General Sala-
manca and 60 other political prison-
ers. The Pinzon also had a strong
guard of soldiers on board.

NORTHWESTERN SETTLERS.

Western Lines Give Interesting Immi-
gration Statistics.

St. Paul, April 3.—Some very inter-
esting statistics in regard to immi-
gration have been prepared by the im-
migration bureau of the Western lines.
The figures show that the number of
immigrants that landed at the port of
New York during 1900 and 1901 and
their destination.

These tables show that during 1900
271,699 aliens came to New York as
steering passengers and that 31,792
citizens of the United States also came
in the steerage. During 1901, 412,416
aliens arrived and 26,452 citizens of
this country.

Minnesota stands sixth on the list
of states in which the immigrants set-
tled. New York naturally heads the
list, 154,527 settling there in 1900 and
152,959 in 1901. New Jersey, Massa-
chusetta, Illinois and Connecticut
come next on the list in the matter of
numbers.

During 1900 4,955 immigrants settled
in Minnesota and this number was in-
creased last year to 5,588. North Da-
kota got 2,083 in 1900 while in 1901
there was a slight falling off, only
1,886 settling in that state.

South Dakota in 1900 gave homes to
2,099 and 2,103 in 1901. Montana was
settled by 1,096 in 1900, and this num-
ber was increased to 1,118 last year.

There was a decided increase in the
influx of settlers to Washington last
year, when 1,568 came as compared
with 904 in 1900. The movement to-
ward Oregon has not been so heavy,
and in 1900 420 settlers took up homes
there, while last year about 100 more
than that took up their residences in
the state.

Railroad officials state that the fig-
ures for this year, as far as the North-
west is concerned, will be materially
increased.

Fell From the Gallery.

New York, April 3.—Just as the cur-
tain rung down on the last act of the
play at the Third Avenue theater Ben-
jamin Barnett, who had been sitting
in a front seat of the gallery, accident-
ally toppled over and fell 80 feet to the
orchestra floor. He was taken to the
hospital in a dying condition. In fall-
ing Barnett brushed with his feet the
dress of a woman who had just moved
into the aisle and broke the seat in
which she had been sitting.

New Mexican City Elections.

Santa Fe, N. M., April 3.—City elec-
tions in New Mexico resulted in de-
cided Republican victories in the four
largest cities of the territory. In Santa
Fe the Republicans elected the entire
city ticket. Las Vegas elected a Re-
publican mayor and a Democratic
clerk and treasurer. Mayor George P.
Money, Dem., son of Senator Money
of Mississippi, was defeated by 30
votes in Raton. Albuquerque elected
the entire Republican ticket.

Gross Inhumanity Charged.

Michigan City, Ind., April 3.—Charg-
es of gross inhumanity toward prison-
ers confined in the state penitentiary
here have been filed by Dr. Bross S.
Horne, late physician of the prison,
against a deputy warden and other offi-
cers of the institution. Dr. Horne in
his statement cites many specific in-
stances of extreme cruelty, and as-
serts that one prisoner was driven to
self-murder by the treatment he re-
ceived.

AUTOS ON DIZZY HEIGHTS

Horseless Vehicles to Whiz In
the Yosemite Park.

NEW CONVEYANCE FOR TOURISTS.

Plans of a Stagecoach Line to Carry
Sightseers Along Cliffs and Over
Dangerous Mountain Trails De-
scribed by A. H. Washburn, a Part
Owner.

"In the great Yosemite National park
in California, where horses and mules
have been supreme for sixty years,
there will soon be a line of stagecoach
automobiles carrying sightseers along
the cliffs, over the mountain trails and
down into the wonderful valley itself,"
said Mr. A. H. Washburn, part owner
and superintendent of the Yosemite
Stage and Turnpike company, which
for years has carried the public through
the wonderful Edenlike garden of the
Yosemite.

Mr. Washburn came to New York to
investigate for himself the question of
the usefulness of the automobile, and
he will study for himself the machine
in action upon the giddy roads that
lead into the valley, says the New York
World.

Mr. Washburn was born in Randolph,
Vt., and went to California in 1858
with the intention of making his for-
tune in any way he could. The next
year he conceived the idea of establish-
ing a roadway into the valley and be-
gan to build it. He has made his life
business since the carrying of tourists
into the valley and around the wonder-
ful interior.

The roads leading down the sides of
the mountain skirt awful chasms, wind
around the sides of dizzy heights and
crawl with hardly the width of a wag-
on along shelves where the horses
could precipitate the carriages thou-
sands of feet down to the floor of the
valley.

"When I drove General Grant and
his wife into the park," said Mr. Wash-
burn, "Mrs. Grant became frightened
as we were entering the valley and
were driving around Glacier point and
leaped from the stage. General Grant
tried to stop her, but she evaded him.
We were so high up that she covered
upon the ground, trembling, and ut-
terly refused to go any farther.

"A great deal of the distance the
road is built through the solid rock,
where we had to blast to make a way
for ourselves. It was in 1861 that I
first began to take people into the val-
ley over the trail, and the need of a
road grew in proportion to the number
who visited the place. Necessarily the
roads are very rough.

"Whether the New York machine
carriages will prove to be successful
or not is a thing yet to be established.
I am in hopes that they will. I have
made a careful study of them. They
will not become unruly at the smell of
grizzly bears, as our mules do. They
will not run away and smash up the
coaches when they are scared.

"The only question at present is
whether the roads are smooth enough.
Take that zigzag climb where we pho-
tographed the New York Arion society
at Nevada falls. It would necessitate
a good deal of nerve to steer a party of
six up that crooked incline, but I am
assured by the manufacturers that
they will do it.

"Raymond is 200 miles from San
Francisco by train. There we make
our headquarters. We shall run autos
from there into the valley, a distance
of sixty miles, over very good roads.
We own the roads. We would sell
them to the government if they wanted
them, but are not anxious to sell.

"As the valley is entered and the
great length and breadth of the garden
break upon the view it is impossible
to believe what you see. It is impos-
sible at first to believe that the sheer
face of old El Capitan, the greatest
rock in the world, which is 3,300 feet
above the floor of the valley, is really
so grand and mighty. One thinks that
it is nearer and smaller than it really is.

"Inspiration point, where you catch a
view of the great valley, is 7,000 feet
high and is six miles from old El Cap-
itan. The Bridal Veil fall, which
plunges like a white mist from a height
of 900 feet, looks like a tiny brook fall-
ing over a little rock.

"Then as you go down the long, wind-
ing road that we built so many years
ago, the crags grow bigger and bigger,
and you get nearer and nearer to them.
They loom higher and higher, those lit-
tle rocks that you saw so far away.
Since we built the first road into the
park in 1874 we have built many miles
of side roads around the valley.

"I have been closely connected with
the Mariposa Big Tree grove and built
the first road to the grove. Among the
many noted people that I have taken
into the valley were General Grant,
President Hayes, President McKinley,
General Sherman and many of the no-
bility of Europe. Hardly any distin-
guished foreigner comes to this country
without going to see the Yosemite val-
ley.

"The coming season we shall decrease
the time consumed by a trip into the
valley, staying only one day via Wa-
wona and the Mariposa Big Tree grove.
I have arranged to put on a number of
autos by April 1." One of the autos to
be used in the park has been sent to
Raymond, near the Yosemite valley,
and will be tried as soon as Mr. Wash-
burn gets back from New York.
